

Lab Task 04

Scenario:

The career development office is coordinating internship opportunities for final-year students. Before sharing student profiles with companies, the office needs confirmation of students' availability and preferred internship type. Students are asked to submit their response using an online form created with HTML only.

Question:

Design a confirmation form that includes:

- Student Name (text, required)
- Email Address (email, required)
- Preferred Internship Type (radio buttons):
 - On-Site
 - Remote
- Internship Duration (dropdown):
 - 6 Weeks
 - 3 Months
- Skills of Interest (checkboxes):
 - Web Development
 - Data Analysis
 - Mobile Apps
- Submit button.

Instruction:

1. Push the project to your GitHub. Also Take the SS of the Web Page
